

FileHandler

```
graph BT; A["forcebalance.output.Clean FileHandler"] --> B[FileHandler];
```

A UML class diagram illustrating inheritance. A gray rectangular box at the bottom represents the superclass, labeled "forcebalance.output.Clean FileHandler". A blue arrow points vertically upwards from the center of this box to the center of a white rectangular box at the top, which is labeled "FileHandler". The arrow indicates that "FileHandler" inherits from "forcebalance.output.Clean FileHandler".

forcebalance.output.Clean
FileHandler
